Need Help Deciding?

JB Hi-Fi Education has created a BYOD purchasing portal for St Kevin's families with devices that match the above specifications. This is a service offered by JB Hi-Fi for families and has extra services such as onsite warranty and service support at the St Kevin's College IT Helpdesk.
Families are most welcome to source a compatible device from any retailer of their choosing.

Please note the following devices are not suitable:
Apple devices (Mac, iPad, iPhone, etc.)
Google Chromebooks
Android devices (tablets, mobile phones)
Ebook readers

Students who participated in previous years' BYOD programs at St. Kevin's College and are using Apple Mac laptops will continue to be supported and may use these devices until the device requires replacement.
