

St Kevin's College

2023 VCE Results

We are proud to share St Kevin's outstanding VCE results. Our 248 graduating students are to be congratulated on what they have achieved as individuals and as a cohort. This group of fine young men has taken advantage of every opportunity to better themselves and one another throughout their schooling. Our students' curiosity, determination, collaboration and resilience set them apart. Working with their teachers and supported by their families, the Class of 2023 was active in the classroom, dedicated in the after-hours and school holiday study programs and engaged with all facets of College life. It is St Kevin's College's holistic education that shapes hearts and minds.

Our exceptional learning opportunities, supported by wellbeing programs, allow our students to be at their best and to give back to society for the greater good. While a commitment to academics is obvious, the additional time and effort the boys commit to social justice, leadership, productions, music, debating, outdoor education and sport ensures that students are supported to nurture a variety of interests and talents, enabling our students to achieve their full potential. Congratulations to the Class of 2023.

Daniel Adams
College Captain

A dedication to our studies, our co-curricular activities and our community has stood as the hallmark of the class of 2023. Our VCE journey has encompassed all that this school has to offer and it is this all-encompassing commitment to such a wide variety of aspects that has led to our successes, both as individuals and as a group.

Daniel Deguara
Deputy College Captain
We have all been fortunate enough to have such good mates and such a hard-working cohort throughout the past few years. However, it was the dedication our families showed to our education, growth and success that positioned us to take full advantage of the year's opportunities, ultimately leading to the triumphs we can now experience.

Hudson Lefoe
Deputy College Captain
Our passion for success saw the 2023 cohort grow even closer together, to achieve the best results that we were all capable of. Due to the willingness of our teachers to provide a positive working environment, while giving us so much of their time, the revision programs such as Cafe Academus and the Holiday Study Programs were strongly attended by all boys.

Angus Murray
Deputy College Captain
At St Kevin's we are encouraged to believe in ourselves and to dream big through the dedication of our teachers, who so passionately believe in us and in our learning. It is these teachers, whose guidance and generosity enable St Kevin's boys to walk into examination halls, sporting fields and into adult life so well equipped. For this, we are eternally grateful.
